Item 10. Approval of the Declaration of the principles for compensation of the CEO and other members of the executive management.

During the General Meeting a suggestion from present shareholders to delete the last sentence of the first paragraph of this Declaration was put forward. The General Meeting agreed to make this change.

The Board proposes the following Declaration of the Principles for Compensation of the CEO and other members of the Executive Management for 2018 according to the Norwegian Public Limited Liability Companies Act § 6-16a:

The main principle in the Company’s policy for remuneration and compensation is that the members of the executive management team shall be offered competitive terms, so as to achieve the desired competence and incentives in the Company’s executive management team.
The Company has established an annual performance bonus program for the executive management team, in which the manager must remain within his position (not resigned) until the start of the following year in order to be eligible. The bonuses may be awarded as a direct cash payment or as equity in the Company. Performance-based compensation will be subject to an absolute limit and fulfilment of performance criteria, both decided by the Board at its discretion.

On the extraordinary general meeting on 8 December 2015 the meeting approved a 4 year stock option program for all employees with an annual maximum dilutive effect of 1% of the total of issued shares. The Company is operating in an increasingly competitive international technology market. In this market, equity based compensation is widely used to attract and retain key talent. In addition, the number of employees has increased 32% from 2015 when the option program was initiated. Therefore, in the last year of the 2016 program, the Board proposes to allocate up to up to 2.7 million shares, equivalent to approximately 1.7% of the total number of issued shares.

The Annual General Meeting thereafter approved the following resolution by a vote of 55,742,781 in favour and 11,363,448 against:

"The Declaration of the Principles for the Compensation of the CEO and the other members of the Executive Management is adopted.

The adopted declaration is of an advisory nature to the Board of Directors, with the exception of the authorization for the grant of options to the executive management, which is binding on the Board of Directors based on the Norwegian Public Limited Liability Companies Act § 5-6 (3) and § 6-16 a."
