Classification of change       Minor       Major

**Reason for change:**

Standardization of outer box driven by automation of shipping procedures

**Consequences of change:**

For stacking considerations:

For tray shipment, the outer box will be bigger and full outer box weight will be heavier.

For 7" reel shipment, the outer box will be smaller and full outer box weight slightly lighter.

**Verification of change:**

The new outer boxes and shipping procedures are approved and qualified based on Nordic Semiconductor ASA QA procedures.
